

barbican acoustic

Belleville

This updated take on the classic turbine is set to take off in any setting. Available in 6 sizes and 3 fin configurations, with or without lighting options. The taper on bottom of the fins is 30 degrees.

Acoustic Fixtures are a fun way to decrease ambient noise in your space. High design and function make these fixtures a beautiful and unique way to establish your own Quietude.

Please find an overall listing of all product options. Barbican specializes in producing products on a per request basis. Please feel free to use our online builder to determine conditional options, or confer with your lighting rep, or reach out to sales@barbican.ca for more information.
